

Geronimo Occupational Therapy is an independent rehabilitation company that's passionate about helping people to live their best lives by doing the things they love.

We value work-life balance, and we empower the personal and professional development of each of our team members. Here at Geronimo Occupational Therapy, we encourage service provision innovation and we believe that every member of our team is a vital part of our organization's success.

The main focus of our therapy team is working with clients who have sustained physical, psychological and/or neurological injuries. Our therapists take a holistic approach with their clients and all other community therapy partners to implement tailored strategies and reach positive goals for each client.

We're currently seeking an Occupational Therapist(s) in the Hamilton, Niagara, Waterloo, Kitchener, Mississauga, and York regions for work in the Private Sector.

What We Offer:

- This position can be either contract or employee – our goal is to help our team create the flexibility they want in their lives.
- Training and mentoring from a team of experienced therapists
- Competitive compensation and rewards package
- Flexible working hours and virtual care options
- Excellent administrative support, so you can focus on your patients

We see people in our clinic and the community – this requires flexibility, adaptability, and problem-solving skills. Our Therapists are committed to lifelong learning and working towards being the best clinicians possible.

Company Description:

Geronimo Occupational Therapy is an OT owned and operated company that has been in business for 7 years. We're a close-knit group of therapists that provides comprehensive rehabilitation in the community to help individuals regain function and promote independence in their daily activities. We value personal growth and work/life balance to ensure the ongoing well-being of our valued team members. Our practice focuses on a diverse population ranging from adolescents to older adults with complex needs including traumatic brain injury, psychological disorders, chronic pain, and musculoskeletal injuries.

Services Provided:

Occupational therapists may provide any of the following services:

- In-home functional assessments
- Mobility assessments
- Treatment (psycho-social/psychiatric, MSK, TBI, SCI, and chronic pain)
- Case management
- Workplace assessments and accommodation
- Hospital Discharge Planning
- Medical Legal Assessments
- Functional Cognitive Assessment
- Vocational Rehabilitation Assessments
- Post Trauma Rehabilitation
- Brain Injury & Post-Concussion Rehabilitation
- Housing Accessibility Assessment and Modifications

Specifications/ Qualifications:

University degree and registration/ license with professional regulatory college (i.e., COTO). Membership in applicable professional associations (OSOT). Community experience is considered an asset, as well as education and experience specific to the client population (e.g., ABI, SCI, mental health, orthopaedics, neurology, auto sector). Current Ontario driver's license, insurance and access to a vehicle are required. Access to a computer with high-speed internet and proficiency are required. Fluency in a second language is an asset.
